◆ How Do I Apply?

The following information will help you determine the Local Administering Agency that serves your area. Under each agency name, the county is listed to assist you in finding the correct location. When you apply, you should bring proof of your household's income and mortgage/home ownership. If you rent, the agency will provide your landlord with a form to sign.

◆ Where Do I Apply?

BCMW Community Services, Inc.

909 E. Rexford Street
Centralia, IL 62801-0729
618/532-7388

Counties Served: Bond, Clinton, Marion and Washington

Carver Community Action Agency

311 E. Main, Suite 610
Galesburg, IL 61402-0028
309/342-2811

County Served: Knox

CEFS Economic Opportunity Corporation

1805 S. Banker Street
Effingham, IL 62401-0928
217/342-2193

Counties Served: Christian, Clay, Effingham, Fayette, Montgomery, Moultrie and Shelby

Community Action Partnership of Central Illinois

1800 5th Street
Lincoln, IL 62656-9117
217/732-2159

Counties Served: DeWitt, Logan, Mason, Menard, Piatt

Champaign County Regional Planning Commission

1776 E. Washington St.
Urbana, IL 61803-7760
217/328-3313

County Served: Champaign

◆ Home Weatherization Assistance Program

The Illinois Home Weatherization Assistance Program (IHWAP) is administered by the Office of Energy Assistance at the Department of Commerce and Economic Opportunity. DCEO and its partners are targeting homes with the highest energy bills and lowest income.

Weatherization services are provided by local Community Action or non-for-profit agencies throughout the state. The Local Administering Agency that provides weatherization services in your area is listed inside this brochure. By contacting the agency in your area, you can apply for weatherization services.

From fall 2009 to March 2012, Illinois' weatherization efforts will get a boost from the American Recovery and Reinvestment Act (ARRA), or federal economic stimulus, funding. During this period, a total of \$242 million will be spent to help Illinois families. Thanks to the influx, the state's network of Local Administering Agencies is expected to weatherize three times the number of homes that have been weatherized in the past. In addition to providing a long-term cost savings to families, weatherization efforts actually create healthier, sometimes even life-saving, home environments.

Depending on the circumstances and condition of your home or apartment, the following are examples of weatherization upgrades that can be done:

- **Sealing cracks with weather stripping and caulk**
- **Insulating attics and walls**
- **Repairing windows and doors**

Weatherization Services include having an experienced heating contractor inspect your heating system. This contractor will make sure the heating system is safe and in satisfactory working condition. Maintenance on your furnace may include one or more of the following:

- **Clean and tune**
- **Repair**
- **Retrofit**
- **Replacement of the unit**

◆ How Does the Program Work?

1. The applicant should contact the appropriate Local Administering Agency listed inside this brochure to apply.
2. The agency will determine if the applicant's household is income-eligible for the program. After the agency receives the appropriate documentation, the applicant will be notified concerning eligibility within 30 days.
3. Once a household is considered eligible, a trained agency staff member will assess the home and conduct an energy audit. This audit will determine what adjustments can be made to save the most energy.
4. Determined maintenance to your home will be scheduled by the agency. A staff member will contact you to arrange a convenient time for weatherization work to begin.
5. Using a work order generated from your audit, experienced energy specialists will apply the appropriate materials to your home.
6. Once the updates and maintenance have been completed, a home inspection will be conducted to make sure the work is satisfactory.

◆ Who is Eligible?

Eligibility is determined by family size and household income in accordance with federal guidelines. Weatherization services are free to households that meet the following criteria:

1. Households eligible for the Low Income Home Energy Assistance Program (LIHEAP)
2. Households that have an occupant receiving Supplemental Security Income (SSI), Temporary Assistance for Needy Families (TANF), or Aid to Aged Blind and Disabled (AABD)
3. Households at or below the following income according to the chart

INCOME CHART

Effective July 1, 2011

Size of Family	Annual Income
1	\$21,780
2	29,420
3	37,060
4	44,700

For a household with more than four family members, add an additional \$7,640 for each person. Renters may be eligible for assistance, if their landlord agrees to the program terms.
